

2021 State of Commercial and Industrial Power Reliability

S&C surveyed more than 250 commercial and industrial (C&I) companies representing key industries in the United States. These are some of utilities' most ambitious customers, and their reliability needs—and expectations—are growing.

Reportage of monthly and momentary outages doubled since last year.

More outages = more lost money for C&I companies.

C&I companies are tracking outages and their associated costs.

Impact of short outage = impact of long outage

Momentary outages and long-duration outages have roughly the same impact on:

These customers crave and expect more reliability and resilience.
